Community Service News

Our TCMA members worked hard, but had fun setting up an apartment for Saint Louise House this week.

They set up the apartment from start to finish! Doing everything from cleaning, organizing and finally decorating. The ladies pulled together to make this apartment feel like home for a mom and her three daughters. Special thank you to Shelly Ozdil for making the family blankets, and to all our generous members for donating household items! The Saint Louise House is a very special organization in Austin that provides single mothers and their children homes and comprehensive support services to help them become self sufficient.
